To establish a standard by which key volunteer appointments are effected; to lend continuity to the annual volunteer appointment system.

This policy is outlined in five sections; committee chairpersons; vice chairpersons; committee member appointments for Professional Standards and Grievance; appointments to all other committees; and removal from committees.

- a. Committee Chairperson: First consideration will be given for each year's committee chairperson appointments to those serving as vice chairperson the previous year. Therefore, the incoming President should be able to propose the list of committee chairpersons for approval to the Board of Directors at meeting prior to his/her installation. These appointees must either have served on the committee for which they are being appointed or previously served as a chairperson of another LIBOR or REALTOR® Association committee.
- b. Committee Vice Chairperson: The incoming President Elect shall select the list of vice chairpersons for appointment to those positions, excluding the Budget and Finance and Credential Review Committees. These appointments will normally be filled by those persons the President Elect reasonably expects to nominate for the position of chairperson the following year.
- c. Presidential appointments to Grievance and Professional Standards committee members subject to review and approval of the Board of Directors shall be effected in accordance with the Code of Ethics and Arbitration Manual, in addition to the following criteria:
 - Grievance Committee: No member currently serving on the LIBOR Executive Committee may be appointed to this committee. No member shall serve who has not attended a prescribed training program prior to participating in the committee.

- Professional Standards: No member currently serving on the LIBOR Executive Committee may be appointed to this committee. Members selected for appointment to this committee shall be experienced REALTORS® who, by business reputation and LIBOR involvement, have earned the respect and confidence of the general membership and has served on the Grievance Committee for at least a year. Any member selected for appointment to the Professional Standards Committee will attend a prescribed training program prior to their participation in the committee.
NOTE: Failure to attend a prescribed training program will not in itself preclude appointment to one of these two committees. With approval, a subsequent workshop may be attended or the requirement waived based upon attendance at prior training programs.
- d. Appointments to all other Committees are subject to the review and approval of the Board of Directors. For the year 2024, half of the appointments to all LIBOR Committees other than the Budget and Finance and Credential Review Committees shall be for a one (1) year term, and the other half shall be for a two (2) year term. Thereafter, appointments to all LIBOR Committees other than the Budget and Finance and Credential Review Committee shall be for a two (2) year term. Applications to serve on all LIBOR Committees shall be open year-round on LIBOR's website. Committee vacancies for the upcoming year are approved annually by the Board of Directors from among the pool of eligible applicants at the Board of Directors October or November meeting and the Board may fill any Committee vacancies throughout the year from among the pool of eligible applicants. Any new committee member appointed mid-year to fill a vacancy shall serve only for the balance of the Committee position's unexpired term.
- e. Any member appointed to any Standing, Special or Ad Hoc committee must not have been removed for cause as an Officer or Director within the last 5 years pursuant to Article XI, Section 9 of the Bylaws.
- f. The President, subject to the approval of a majority vote of those present and voting at a meeting of the Board of Directors, or the Board of Directors by a majority vote of those present and voting at a meeting of the Board of Directors, may remove any member appointed to any Standing, Special or Ad Hoc committee. Notwithstanding the foregoing, any Director or Officer removed pursuant to Article XI Section 9 of the Bylaws shall be automatically removed from any Standing, Special or Ad Hoc committee.

COMMITTEE MEETINGS

All Standing and Special Committees shall meet at least twice each calendar year, except for the Credential Review and Legal Assistance Committees, which shall meet at least once a year, and at such other times as the Chairperson shall require. Any meeting may take place partially or solely by means of electronic communication provided that there is a mail notice or other electronic notice for the meeting, that the members participating in the meeting can hear each other at the same time and participate, that there is a quorum, and that minutes of the meeting are taken.

MISCELLANEOUS

ANNUAL LEADERSHIP SEMINAR

The President serves as the Chairman of the Board of Directors, the elected leader of the organization and he or she sets the stage for the year. The President reviews the goals that he or she wants to meet for the year in concert with the Long Range Plan.

In order to ensure a smooth running operation the President meets with the Chief Executive Officer to discuss Board goals. This is important because staff support is essential to achieve the goals set. If staff has any reservations about being able to provide proper support this is the time to discuss it and resolve the issue of adequate resources to accomplish goals. The President Elect plays an important role in support of the plans and should therefore be included in this discussion.

The President chairs leadership seminars with the Officers, Directors, Chairs and Vice Chairs to ensure they understand their roles and responsibilities.

LONG ISLAND BOARD OF REALTORS®, INC (LIBOR)
Investment Policy Guidelines and Objectives for
Investments Managed by Professional Advisors

MISSION STATEMENT

The mission of the Long Island Board of REALTORS®, Inc. is to be the trusted ally uniting our REALTOR® Members in promoting the benefits of and ensuring the future of real property for all.

INVESTMENT PHILOSOPHY

The Long Island Board of Realtors (LIBOR) investment portfolios (as defined below) are the reserve resource for annual operation (operating reserves) and are for the long term financial stability of LIBOR (Long-term Reserves). Accordingly, the investment focus for the portfolios is preservation of capital and primarily long term growth of capital as well as current income. LIBOR takes a long term view of the Long-term Reserves portfolio and will not “trade the account” through the short term movement of funds. However, LIBOR will take advantage of shorter-term tactical opportunities (1-3 year horizon) in order to obtain the investment objectives within reasonable risk parameters.

PURPOSE OF THIS INVESTMENT POLICY

This statement of investment policy (Investment Policy) is set forth by the Board of Directors of LIBOR under the supervision of the Budget and Finance Committee and the Chief Executive Officer (CEO). This Investment Policy has been approved in order to:

1. Define and assign the responsibilities of all involved parties.
2. Establish a clear understanding for all involved parties of the investment goals and objectives of the Portfolio’s assets.
3. Offer guidance and limitations to all Investment Management Consultant regarding the investment of the Portfolio
4. Manage the Portfolio’s assets according to prudent standards by applicable law.
5. Establish the relevant investment horizon for which the Portfolio’s assets will be managed.

In general, the purpose of this Investment Policy is to outline a philosophy and attitude that will guide the investment management of the Portfolios toward the desired results. It is intended to be sufficiently specific in order to be meaningful, yet flexible enough to be practical.

3. The Budget and Finance Committee may employ one or more Investment Managers of varying styles and philosophies to attain the Portfolio's objectives.

2. Risk Aversion - Understanding that risk is present in all types of securities and investment styles, the Budget and Finance Committee recognizes that some risk is necessary to produce long-term investment results that are sufficient to meet the Portfolio's objectives. However, the Investment Managers are to make reasonable efforts to control risk, and will be evaluated regularly to ensure that the risk assumed is commensurate with the given investment style and objectives.
3. Adherence to Investment Discipline - Investment Managers are expected to adhere to the investment management styles for which they were hired. Managers will be evaluated regularly for adherence to investment discipline.

SHORT-TERM OPERATING RESERVE

Short-term Fund or Cash and Cash Equivalents are the funds available to meet the working capital financial obligations of LIBOR in a timely manner. These funds increase and decrease on a daily basis as monies flow in and out of LIBOR from ongoing operations. Therefore, investment of these funds must have a short-term maturity. The amount of the Short-term fund shall be determined by the LIBOR Chief Financial Officer, or equivalent,(CFO) in consultation with the Chief Executive Officer (CEO) and approval of the Budget and Finance Committee. In order for all investment time frames to be accounted for, the maturity of these funds will range from money market equivalents to 1 year. However, to limit market risk, these funds will be primarily invested in instruments with 6-month maturity or less. The LIBOR staff from time to time may find opportunity for longer term securities so long as the operating reserve is sufficient to meet obligations.

Investment Guidelines

The CFO, in consultation with the Investment Management Consultant and/or LIBOR Bank Account Manager, shall be authorized to invest the Short-Term Fund as follows:

- Federally insured Certificates of Deposit not to exceed \$250,000 per institution including interest up.
- Interest-bearing checking, savings and money markets accounts in federally insured banks, not to exceed federally insured amounts;
- Repurchase agreements collateralized by U.S. Government obligations;
- Short-term Money Market Funds that invest in government backed securities and/or A1/P1 rated Commercial Paper;
- Direct obligations of the U.S. Government, its agencies and instrumentalities;
- Federal Agency Discount Notes;
- Corporate Debt Obligations rated A or better;

LONG-TERM RESERVE INVESTMENT OBJECTIVES

In order to meet its needs, the investment strategy of the Portfolio is to emphasize capital preservation and growth; that is, the safe growth of the portfolio balances from growth of principal, dividends and interest income.

Specifically, the primary objective in the investment management for the Portfolio's assets shall be:

Continued....

Preservation of Purchasing Power After Spending - To achieve returns in excess of the rate of inflation plus any spending assumptions over the investment horizon in order to preserve purchasing power of Portfolio's assets. Risk control is an important element in the investment of Portfolio's assets.

The secondary objective in the investment management of the Portfolio's assets shall be:

Long-Term Growth of Capital -To emphasize long-term growth of principal while avoiding excessive risk. Short-term volatility will be tolerated inasmuch as it is consistent with the volatility of a comparable market index.

INVESTMENT GOALS

The investment goals above are the objectives of the aggregate Portfolio, and are not meant to be imposed on each investment account (if more than one account is used). The goal of each Investment Manager, over the investment horizon, shall be to:

1. Meet or exceed the market index, or blended market index, selected by the Investment Management Consultant that most closely corresponds to the style of investment management, or otherwise stated in their prospectus..
2. Display an overall level of risk in the portfolio that is consistent with the risk associated with the benchmark specified above. Risk will be measured by the standard deviation of quarterly returns.

DEFINITION OF RISK

The Budget and Finance Committee realizes that there are many ways to define risk. It believes that any person or organization involved in the process of managing the Portfolio's assets should understand how it defines risk so that the assets are managed in a manner consistent with the Portfolio's objectives and investment strategy as designed in this Investment Policy.

The Budget and Finance Committee defines risk as:

The probability of not meeting the Portfolio's objectives of preservation of capital, growth of capital, and generation of current income consistent with applicable law and regulations.

LIQUIDITY

To minimize the possibility of a loss occasioned by the sale of securities forced by the need to meet a required payment, the LIBOR management will periodically provide the Investment Management Consultant with an estimate of expected net cash flow. The LIBOR management will notify the Investment Management Consultant in a timely manner, to allow sufficient time to have an orderly liquidation of assets in the Portfolio in order to meet the cash needs.

Diversification for Investment Managers

The Budget and Finance Committee does not believe it is necessary or desirable that securities held in the Portfolio represent a cross section of the economy. However, in order to achieve a prudent level of portfolio diversification, the securities of any one company should not exceed 5% of the total Portfolio at cost, and no more than 20% of the total Portfolio should be invested in any one industry. Individual Treasury securities and U.S. government agency securities may represent 100% of the total Portfolio's aggregate bond position.

4. Fixed income maturity restrictions are as follows:
Average duration of the portfolio should be +/- 1 year to the index.
5. Money Market Funds selected shall contain securities that are A1 or better or guaranteed or have an implied guarantee by the U.S. government.

SELECTION OF INVESTMENT MANAGERS

The Investment Management Consultant's selection of Investment Manager(s) must be based on prudent due diligence procedures, including consideration of prospective investment managers' performance, personnel, strategy, research capabilities, organizational and business matters, and other qualitative factors that will impact their ability to achieve results. A qualifying investment manager must be a registered investment advisor under the Investment Advisors Act of 1940, registered with the Commodity Futures Trading Commission or a bank or insurance company.

The Budget and Finance Committee intends to evaluate the portfolio(s) performance over at least a three to five year period, but reserves the right to terminate a manager without cause or for any reason, including, but not limited to, the following:

**The Long Island Board of REALTORS® , Inc. (LIBOR)
ANTITRUST POLICY**

Introduction

The Long Island Board of REALTORS® (LIBOR) is a not-for-profit organization. LIBOR is not organized for the purpose of, and may not play any role in, the competitive decisions of its members, nor in any way restrict competition among members or potential members. Rather it serves as a forum for a free and open discussion of diverse opinions without in any way attempting to encourage or sanction any particular business practice.

LIBOR provides a forum for exchange of ideas in a variety of settings including its annual meeting, educational programs, committee meetings, and Board meetings. The Board of Directors recognizes the possibility that LIBOR and its activities could be viewed by some as an opportunity for anti-competitive conduct. Therefore, this statement supports the policy of competition served by the antitrust laws and to communicate LIBOR's uncompromising policy to comply strictly in all respects with those laws.

While recognizing the importance of the principle of competition served by the antitrust laws, LIBOR also recognizes the severity of the potential penalties that might be imposed on not only LIBOR but its members as well in the event that certain conduct is found to violate the antitrust laws. Should LIBOR or its members be involved in any violation of federal/state antitrust laws, such violation can involve both civil and criminal penalties that may include imprisonment for up to 3 years as well as fines up to \$350,000 for individuals and up to \$10,000,000 for LIBOR plus attorney fees. In addition, damage claims awarded to private parties in a civil suit are tripled for antitrust violations. Given the severity of such penalties, the Board intends to take all necessary and proper measures to ensure that violations of the antitrust laws do not occur.

Policy

To ensure that LIBOR and its members comply with antitrust laws, the following principles will be observed:

- LIBOR or any committee, section, or activity of LIBOR shall not be used for the purpose of bringing about or attempting to bring about any understanding or agreement, written or oral, formal or informal, expressed or implied, among two or more members or other competitors with regard to prices or terms and conditions of contracts for services or products. Therefore, discussions and exchanges of information about such topics will not be permitted at LIBOR meetings or other activities.
- There will be no discussions discouraging or withholding patronage or services from, or encouraging exclusive dealing with any supplier or purchaser or group of suppliers or purchasers of products or services, any actual or potential competitor or group of actual potential competitors, or any private or governmental entity.
- There will be no discussions about allocating or dividing geographic or service markets or customers.

Continued...

- There will be no discussions about restricting, limiting, prohibiting, or sanctioning advertising or solicitation that is not false, misleading, deceptive, or directly competitive with LIBOR products or services.
- There will be no discussions about discouraging entry into or competition in any segment of the marketplace.
- There will be no discussions about whether the practices of any member, actual or potential competitor, or other person are unethical or anti-competitive, unless the discussions or complaints follow the prescribed due process provisions of LIBOR's bylaws.
- Certain activities of LIBOR and its members are deemed protected from antitrust laws under the First Amendment right to petition government. The antitrust exemption for these activities, referred to as the Noerr-Pennington Doctrine, protects ethical and proper actions or discussions by members designed to influence: 1) legislation at the national, state, or local level; 2) regulatory or policy-making activities (as opposed to commercial activities) of a governmental body; or 3) decisions of judicial bodies. However, the exemption does not protect actions designed to cover-up anticompetitive conduct.
- Speakers at committees, educational meetings, or other business meetings of LIBOR shall be informed that they must comply with LIBOR's antitrust policy in the preparation and the presentation of their remarks. Meetings will follow a written agenda approved in advance by LIBOR or its legal counsel.
- Meetings will follow a written agenda. Minutes will be prepared after the meeting to provide a concise summary of important matters discussed and actions taken or conclusions reached.

At informal discussions at the site of any LIBOR meeting, all participants are expected to observe the same standards of personal conduct as are required of LIBOR in its compliance.

It is recommended that LIBOR Board members read, date and retain a copy of this statement for their personal files.

THE LONG ISLAND BOARD OF REALTORS, INC. (LIBOR) WHISTLEBLOWER POLICY

LIBOR and its affiliated entities (collectively, "LIBOR") strive to maintain high standards of conduct and ethics among its employees, officers and members. All officers, board members, committee members, and staff are encouraged to report fraudulent or dishonest conduct (i.e., to act as a "whistleblower") pursuant to those procedures set forth in the next section. This policy will be distributed to all directors, officers, employees and volunteers.

How to Report Fraudulent, Dishonest or Illegal Actions

Board or committee members should report to the President of LIBOR, or to Corporate Counsel any action or suspected action taken by or within LIBOR that they reasonably believe: (i) violates any federal, state, or local law, rule, or regulation; (ii) poses a substantial and specific danger to the public health or safety; (iii) is in violation of any adopted policy of the corporation; or (iv) constitutes fraudulent, illegal or dishonest use or misuse of LIBOR resources or property. Employees should report such concerns directly to the CEO, Human Resource Manager, or Corporate Counsel.

Reports should be thorough and contain enough information to substantiate the concern and allow an appropriate investigation to begin. Reports may be submitted anonymously. Appropriate action will be taken by LIBOR in response to reports. All reports received will be acted upon in confidence when possible given legal requirements and the need to gather facts, conduct an effective investigation, and take necessary corrective action. All complaints, regardless of the outcome, will be reported to the Board of Directors or an authorized committee thereof pursuant to NYS Not for Profit Law §715-b(b)(2).

Reasonable care will be taken in dealing with suspected misconduct to avoid baseless allegations, premature notice to persons suspected of misconduct, disclosure of suspected misconduct to persons not involved with the investigation and violations of a person's rights under the law.

Whistleblower Protection

LIBOR will use its best efforts to protect whistleblowers against retaliation. Whistleblower complaints will be handled with sensitivity, discretion and confidentiality to the extent allowed by the circumstances and the law.

No director, officer, employee, former employee or volunteer of LIBOR who in good faith reports any action or suspected action taken by or within LIBOR that they reasonably believes: (i) violates any federal, state, or local law, rule, or regulation; (ii) poses a substantial and specific danger to the public health or safety; (iii) is in violation of any adopted policy of the corporation; or (iv) constitutes fraudulent, illegal or dishonest use or misuse of LIBOR resources or property shall suffer intimidation, harassment, discrimination or other retaliation or, in the case of employees, adverse employment consequences.

Such good faith report shall not be required where: (a) there is an imminent and serious danger to the public health or safety; (b) the person reasonably believes that reporting the activity would result in a destruction of evidence or other concealment of the activity, policy or practice; (c) such activity, policy or practice could reasonably be expected to lead to endangering the welfare of a minor; (d) the person reasonably believes that reporting the activity would result in physical harm to the person or any other person; or (e) the person reasonably believes that the person(s) they are required to make a report to are already aware of the activity, policy or practice and will not correct such activity, policy or practice.

Continued...

Whistleblowers who believe that they have been retaliated against for reporting an activity, which that person reasonably believes: (i) violates any federal, state, or local law, rule, or regulation; (ii) poses a substantial and specific danger to the public health or safety; (iii) is in violation of any adopted policy of the corporation; or (iv) constitutes fraudulent, illegal or dishonest use or misuse of LIBOR resources or property, may file a written complaint about such retaliation with the CEO or Corporate Counsel. Any complaint of retaliation, including but not limited to, threats of physical harm, loss of job, punitive work assignments, or reduced salary or wages, will be promptly investigated and corrective action taken, where allegations are substantiated. This protection from retaliation is not intended to prohibit managers or supervisors from taking action, including disciplinary action, in the usual scope of their duties based on valid performance-related factors, nor is it intended to preclude disciplinary action against individuals who report baseless allegations.

The person who is the subject of a whistleblower complaint need not be present at or participate in board or committee deliberations or vote on the matter relating to such complaint, provided that nothing in this policy shall prohibit the board or committee from requesting that the person who is subject to the complaint present information as background or answer questions at a committee or board meeting prior to the commencement of deliberations or voting relating thereto.
